PRESENTATION

The Secretariat organises the online Information Day (ID) on “*ERFAN website: Functions and Features*”, in collaboration with the IT team responsible for designing and maintaining the digital platform dedicated to the Network.

OBJECTIVES

The Information Day intends to provide practical information, guidance and instructions for easy access to contents. All design elements and functions of the website will be presented, as well as other tools as part of the communication and dissemination strategy of the Network. The ID also aims to gather suggestions, indications for improving the functionality of all digital tools.

PARTICIPANTS

The participants come from African and Italian ERFAN partner Institutions.
